I administer six nature centers and an interpretive and support staff of 66. Was recently granted the Fellow award from the National Association for Interpretation, the national professional organization for park naturalists.

After finishing my doctorate at MSU and teaching on faculty there, I moved to northern Vermont to teach and do wildlife research in an environmental studies department at a small state college there. I moved to the Cleveland area from there in 1982.

I just finished my 300th monthly column in our park district magazine. Thanks, Mrs. Spiteri, for your inspiration. My wife Kim and I divide our time between work, travel in Ontario, and timeshare weeks in Cocoa Beach. Nature photography has become a recent passion.

I owe much of what I've become to Mr. Fredlund, Mr. Stevens, and Mrs. Spiteri, as I'm sure others of our 1964 class did too.

Comments: Have been living in Northern Michigan since 1976. Charlevoix the past 30 years. Boys are grown and successfully starting out.

I have reclaimed my music by joining a community band for adults. The twist is I chose to learn a new instrument. I picked up the clarinet and I'm having a ball. In the winter I play for the Pine Lake Winds and in the summer I play for the Charlevoix Community

Band. I have also played with the Jordan Valley Community Band and the Harbor Springs Community Band. I enjoy the company of my boys on a regular basis and 2 cats and a dog keep me entertained.

If you come to Charlevoix in the summer you are invited to enjoy a concert in East Park (an award winning park) every Tuesday night at 8 p.m. Concerts run from the last Tuesday in June through the middle of August. Come on down to the stage and say Hi when we finish. We're not the DSO or the TSO, but we're all having fun and we play for free.

Comments: Well, back in the day, I at one time had a try-out with a professional baseball team, but I didn't go. I missed out on it. Then did some traveling around. Went to Florida to try out with another Baseball team. But my life took a different course, so the baseball thing ended down there. I to this day can still throw it from center field to home plate and now play baseball for a men's league just for fun.

I've lived in Florida, Kalamazoo, New Orleans, Chicago, and now Detroit. I went back to college at Eastern at one time, tried out for the baseball team, but decided it was to much work to do both, so I got a degree instead in 1995. After college, I've traveled all over, at one time met a women from the Caribbean and got married for a short time, then got divorced, no kids. I am single with no children. I work for the State of Michigan. Life has been fun and busy. Possibly making plans to leave Michigan to another state. The 20 year reunion was a blast! Everybody looked great!!
